

2024 National NHS Staff Survey for bank only workers (NSSB)

What is this survey and why are we asking you to complete it?

This is an independent survey of your experience of working in the NHS, tailored to bank only workers. The overall aim is to gather information that will help to improve the working lives of our NHS people and so help to provide better care for patients.

Your organisation will be able to use the results of the survey to improve local working conditions and practices and to increase involvement and engagement. Other organisations, including NHS commissioners, the Care Quality Commission, the Department of Health and Social Care, and NHS England, will make use of the anonymised results.

As a bank only worker, if you work at more than one NHS organisation, please complete the survey for the organisation which sent you the invitation letter/email, as your answers will be attributed to that organisation.

Please note this survey includes questions relating to physical violence, bullying, harassment, or abuse at work, discrimination, and sexual violence.

Who will see my answers?

NO ONE IN YOUR ORGANISATION, OR THE NHS, WILL BE ABLE TO IDENTIFY INDIVIDUAL RESPONSES.

Your answers will be treated in the strictest confidence. Your unique login is only used by [CONTRACTOR] to identify which staff should be sent a reminder.

The survey is conducted by [CONTRACTOR] and the NHS Staff Survey Coordination Centre on behalf of your organisation and NHS England, in partnership with trade unions.

The survey findings will be analysed by [CONTRACTOR] and the NHS Staff Survey Coordination Centre and the results will be presented in summary reports in which no individual can be identified.
